

Truly Motivated Transitional Living Annual Report 2023

Truly Motivated Transitional Living is a registered 501c3 non-profit in Yelm, Washington. Truly Motivated operates four recovery homes for men and women seeking stability, structure, community, healing, new life, and hope.

The mission of Truly Motivated is to provide a transformative, Christ centered approach to recovery and transitional living for those seeking freedom from addiction.

Truly Motivated 2023 Statistics-

We served 48 men and women this past year, with many still in our program. The disease of addiction is a family disease, so we are pleased to share that while we have served 48 men and women directly; their families have been impacted as well by their loved one's recovery. We as staff and our board of directors are honored to be a part of the restoration process for our residents and their families as well.

I am pleased to share our statistics with you as a supporter of Truly Motivated. I pray these stats bless your heart, as we simply could not accomplish this without you-

Graduates - 11

Completed the Genesis Process - 19

Graduated out-patient treatment - 13

Made faith decision - 15

Baptisms - 10

Reunited with family - 17

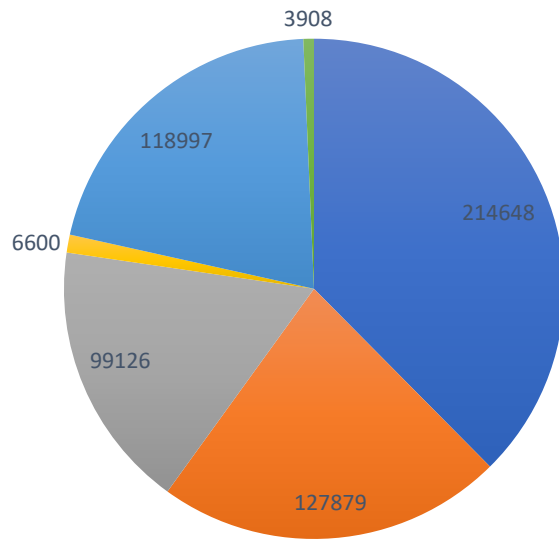

Staff led a combined 250 bible studies, morning devotionals and life skills groups

Recovery Rate for all served - 85%

What an honor to play a role in each person's recovery journey! We are grateful for your incredible partnership with us and the lives that have been impacted and changed because of your gifts to Truly Motivated. We share with our residents regularly that they have an army of people supporting them who believe in them! The pie charts on the next page represent our expenses and income for the year. Again, thank you for your role in the changing of many lives, blessings.

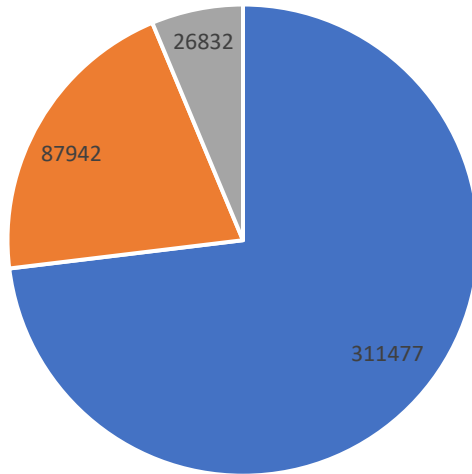

In Gratitude,
Carmin Long
